half-bottles

a popular alternative to our glass list, half bottles provide an extension to our ability to match wines to a course given the smaller volume. this format also provides an opportunity to explore international regions, or rare wines from our own, without committing to the expense of standard format.

half bottle white	p. 4
half bottle red	p. 5

while we do our best to maintain the integrity of our list, the limited nature of some listings may result in some wines becoming unavailable during service

museum

throughout the wine list items marked as **museum** indicate matured wines sourced from the cellars of the estate, or wines released from the winery at maturation. we choose to only source vintage wine in this manner for confidence in their storage history.

b.y.o policy

as a courtesy to our guests with cellared wine,
b.y.o is limited to 4 bottles per booking, corkage fee is \$15 per bottle.

all wines stated are cabernet sauvignon, or cabernet sauvignon dominant blends.

varietal blends are stated, when clearly identified as a primary feature of the label.

in respect to the great cabernet sauvignons & blends of the world i have chosen not to littler their names with a lengthy varietal break down. i believe these wines should be judged on their pedigree and trueness to style. each year the blended components that construct these iconic wines varies based on the knowledge that the winemaker possess of their fruit parcels and terroir.
